## Technical Data sheet

### OILSAFE – Utility Lid

This multi-purpose Utility Lid has a large outlet opening of approx. 2" (48mm), enabling controlled, fast pouring of lubricants. Designed to mate with an OilSafe Standard or Premium Pump on a 3, 5 or 10 liter/US quart drum to take care of hard to reach and time consuming pumping applications such as gearboxes and transmissions.

- Match lid with an OilSafe color-coded label for easy, comprehensive fluid identification.
- Large outlet opening ideal for topping off crank cases and gearboxes.
- Advanced sealing thread design that ensures a secure fit on OilSafe Drums.
- Designed to pair with an OilSafe Standard or Premium Pump.
- Fits onto any 3, 5, or 10 liter/US quart OilSafe Drum.
- Made with industrial grade, heat-resistant materials. Ultra durable construction will not warp, leak or break.
- Available in 10 OilSafe standard colors.

Weight: .66 lbs
