## Technical Data sheet

# OILSAFE – Stretch Spout Lid

OilSafe's Stretch Spout Lid is designed for hard to reach areas and applications where precise pouring of lubricants is required. With a 0.5" opening and longer spout, the Stretch Spout Lid is ideal for lower viscosity oils (less than ISO 220). Made with state-of-the-art materials, the Stretch Spout Lid has an advanced sealing thread design, that ensures a secure fit on all OilSafe Drums. Match lid with an OilSafe color-coded label for easy, comprehensive fluid identification. This lid has a 0.5" outlet spout opening for moderate lubricant flow applications. Add a Stretch Spout Hose Extension to help with awkward or hard to reach fill points.

- Fits onto any 1.5, 2, 3, 5, or 10 liter/US quart OilSafe Drum
- Large handle for ease of carrying
- Auto-shut off breather valve to avoid accidental spillage or contamination
- Made with industrial grade, heat-resistant materials. Ultra durable construction will not warp, leak or break
- Available in OilSafe's 10 standard colors

Weight: .97 lbs
